

ಅಧ್ಯಕ್ಷರು.—ಅವರು ಸುಳ್ಳು ಎಂದು ಹೇಳುವ ಶಬ್ದ ನನಗೆ ಕೇಳಿಸಲಿಲ್ಲ. ನಾನು ರೆಕಾರ್ಡ್ ತೆಗೆಸಿ ನೋಡುತ್ತೇನೆ. ಒಂದು ವೇಳೆ ಆ ಶಬ್ದ ಮಾನ್ಯ ಸದಸ್ಯರು ಬಳಸಿದ್ದರೆ ಆ ಶಬ್ದವನ್ನು ತೆಗೆಸಿ ಹಾಕಿ ಸೋಣ.

(ii) *re: Stopping of Holding Examination by Gulbarga University for the year 1981-82*

SRI PRABHAKER TELKAR.—Sir, I call the attention of the Minister for Education regarding the stopping of holding examination by Gulbarga University for the year 1981-82.

SRI G. B. SHANKAR RAO (Minister for Education).—The Gulbarga University was started in September 1980. The decision of the Gulbarga University not to conduct the examinations during 1981-82 arises from the fact that the university is still very new and is in the process of building up the requisite facilities for the conduct of examinations. The university at present does not have a full fledged examination centre which is required for the purpose of conduct of examinations. As examinations are very important, great care and attention has to be given for the conduct of the same. The university does not as yet have the full complement of staff required for the conduct of the examinations. Government and the university have received representations from students coming within the jurisdiction of the Gulbarga University to have the examinations conducted by the Karnataka University, Dharwad. Section 74 of the Karnataka State Universities Act provides for the conduct of examinations by the older university until such time as the new university is in a position to conduct the same. The Vice-Chancellor of the Gulbarga University keeping these factors in mind has decided to have the examination conducted by the Karnataka University, Dharwad, which has the required personnel and facilities for the smooth conduct of the examinations.

SRI PRABHAKAR TELKAR.—Sir, in the Gulbarga University the Post Graduation centre was established in the year 1970 and to say that there is no staff or other facilities to hold the examinations does not hold good. I think in the month of September 1980 itself the Mangalore University has come into existence and on the same day as the Gulbarga University has come into existence. There is no difficulty in the Mangalore University to the examinations. When the Chancellor of the University, the Governor of Karnataka had come to Gulbarga, some of the students represented that the examinations should be held at the Karnataka University. The Chancellor specifically assured that there will be no difficulty in holding the examinations in the Gulbarga University. I was also present there.

SRI G. B. SHANKAR RAO.—If there is no difficulty, then only....

SRI PRABHAKAR TELKAR,—I have learnt that the examinations at Gulbarga University are not held for want of funds. According to University Grants Commission Report, 12 to 16 conditions have to be fulfilled in order to get the University Grants Commission's grant. In the first year itself if the examinations are not held, it will be very difficult for us to get the grants from the University Grants Commission. The funds that are being provided by our Government is also insufficient. When we have started this Gulbarga University we must also hold examinations. Otherwise, it will be merely a flop. I would therefore request the Government and the education Minister to come forward to provide sufficient funds. If it is a fact that for want of funds the examinations are not held, it is not correct. I once again request the Government to provide sufficient funds to this Gulbarga University.

SRI G. B. SHANKAR RAO.—Sir, the statement that the Mangalore University is going to hold the examinations is not correct. The Vice-Chancellor of the Mangalore University has categorically stated that it is not possible to conduct the University examinations this year. The hon'ble member has stated that the Governor during his visit to Gulbarga. Had mentioned that there would be no difficulty in conducting the examination in the Gulbarga University. Perhaps it is only a possibility. In an university that too, which has been started very recently in the month of September 1980, conducting of examinations, will not be possible. We have to make lot of preparations, we have to appoint Controller of Examinations, we have to build necessary infrastructures, we have to get paper-setters, invigilators and the necessary staff for preparation of marks cards. All these things are there are there. It is not the question of mere providing of funds. We have to prepare ourselves, We have to recruit people. The existing staff are only for teaching and there is little staff for administrative purpose. But that does not mean that we have requisite staff to conduct examinations. So far as funds are concerned, this will not come in the way of examinations. We must have time for preparations. There is provision in the Act to this effect. So far as University Grants Commission's grant is concerned, the University Grants Commission will not come to our help immediately. We have to establish the University.

MR. SPEAKER.—They say that the examinations are held, then you will be getting the grants from the U.G.C., Please confine yourself to that point.

SRI G. B. SHANKARA RAO.—It is not the condition to the funds from the University Grants Commission in the beginning will not come forward to assist any university in the country. They will look into our performance first and judge as to what extent they could help us. So, the grants from the University Grants Commission will come only after some years and not in the beginning.

(ii) *re : Hardship caused to the farmers of Palya and Hanur hoblies of Kollegal taluk due to Elephant menace.*

SRI G. RAJUGOWDA.—Sir, I call the attention of the Minister for Forest, Mines and Geology regarding the hardship caused to the farmers of Palya and Hanur hoblies of Kollegal taluk due to Elephant menace.

SRI G. MADEGOWDA (Minister for Forest, Mines and Geology).—I wish to Make the following Statement.

It is reported by the Deputy Conservator of Forests, Kollegal that wild elephants have damaged the standing crops in Hanur and Palya hoblies of Kollegal Taluka from the middle of december 1980 to 27th January 1981. 50 applications are reported to have been received very recently from the farmers of the above referred area. Out of the total number of 50 applications the Deputy Conservator of Forests, Kollegal, reports that no damage suffered in case of 3 applicants. Total area of damage involved is about 103.95 acres and loss sustained is in the order of Rs. 16.480/-.

It is reported that out of the 47 cases 4 to 5 cases refers to the heavy damages caused to coconut seedlings and sugarcane crops. The rest of damages are caused to Ragi Crops.

In respect of three applications records are completed and compensation being is paid. In respect of 44 applications ownership details are being ascertained.

The Conservator of Forests, Mysore and Deputy Conservator of Forests, Kollegal are taking speedy action to finalise the above cases of damages.

The departmental staff with the co-operation of the villagers have scared away the wild elephants.
